**To the Members of City Council  
City of Jeannette**

**Independent Auditor's Report**

**Report on Financial Statements**

I have audited the accompanying modified cash basis financial statements of the governmental funds, each major fund, and the aggregate remaining fund information of the City of Jeannette as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

**Auditor's Responsibility**

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

## Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental funds, each major fund, and the aggregate remaining fund information of City of Jeannette, Westmoreland County, Pennsylvania as of December 31, 2019 and the respective changes in modified cash basis financial position, and the budgetary comparison for the General Fund thereof for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

## Basis of Accounting

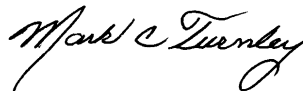

I draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. My opinions are not modified with respect to that matter.

## Other Matters

### *Supplementary Information*

My audit was conducted for the purpose of forming opinions on the modified cash basis financial statements that collectively comprise City of Jeannette's basic financial statements. The supplementary information (Schedules 1 through 6) is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records use to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**REPORTING ENTITY**

The City of Jeannette was incorporated under the provision governing the creation of municipal corporations by the Commonwealth of Pennsylvania. The administration of the City consists of a four-member City Council, Mayor, and a Chief Fiscal Officer. Members of the City Council and Mayor are elected by the voting public. The members of Council appoint a Chief Fiscal Officer to administer the day-to-day operations of the City. The major functions of the City include public safety, maintenance of City infrastructure (roads), community development, maintenance of parks and other recreational facilities for use by City residents, and general administrative functions to facilitate responsibilities and resident needs.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure the financial statements are not misleading. The primary government of The City of Jeannette consists of all funds, departments, boards and agencies that are not legally separate from the City. As defined by generally accepted accounting standards, component units are legally separate entities that are included in the City's reporting entity because of the significance of their operating or financial relationships with the City. Based on the application of these criteria, The City of Jeannette has no component units.

**FINANCIAL STATEMENT PRESENTATION**

**GOVERNMENT-WIDE FINANCIAL STATEMENTS** – The statement of net position – modified cash basis (Exhibit A) and the statement of activities – modified cash basis (Exhibit B) report information about the City as a whole. These financial statements combine all of the financial activity of the primary government excluding the fiduciary funds. As a general rule, the effect of inter-fund activity has been removed from these statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services.

The government-wide statement of activities – modified cash basis presents a comparison between direct expenses and program revenues for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants, subsidies and contributions that are restricted to meeting the operational or capital requirements of a particular program.

**FUND FINANCIAL STATEMENTS** – Fund financial statements report detailed information about the City. The focus of governmental fund financial statements is on major funds. Major funds represent the City's most important funds and are determined based on percentages of assets, liabilities, revenues, and expenditures/expenses. For the City of Jeannette, the General Fund is always considered a major fund. Each other major governmental fund is presented in a separate column and non-major governmental funds are segregated and combined in a single column. Fiduciary funds are reported separately by fund type.

**BASIS OF ACCOUNTING AND MEASUREMENT FOCUS**

The basis of accounting determines when transactions are recorded in the financial records and reported in the financial statements. The financial statements of the City of Jeannette are presented on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) established by the Governmental Accounting Standards Board (GASB). Under the modified cash method, revenue is recognized at the time cash is received rather than when earned, and expenses are recognized when paid rather than when obligations are incurred. Additionally, the basis of accounting has been modified from the cash basis of accounting to present liabilities related to payroll and escrow liabilities, as well as unrealized gains and losses on investments. These modified cash basis financial statements generally meet the presentation and disclosure requirements applicable to GAAP, in substance, but are limited to the elements presented in the financial statements and the constraints of the measurement and recognition criteria of the modified cash basis of accounting.

**FUND ACCOUNTING**

Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain City functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Funds are classified into two categories: governmental and fiduciary. Fund categories are defined as follows:

**Governmental Funds** – Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major and non-major governmental funds:

**MAJOR GOVERNMENTAL FUNDS:**

**GENERAL FUND** - Established under 'The Third-Class City Code' of the Commonwealth of Pennsylvania and is used for the general operations of the City. Income in this fund is derived mainly from assessed revenue such as real estate and residence taxes, local taxes established under Act 511, sanitation revenue and other miscellaneous revenues not designated for other restricted fund purposes. These revenues are used for general ongoing government services such as public safety, public works, general administration of the City and other miscellaneous operating expenses.

**COMMUNITY DEVELOPMENT FUND** – (SPECIAL REVENUE) - Established to account for CDBG monies received to be used for various community development rehabilitation, economic development, and other approved projects within the City.

**CAPITAL RESERVE FUND** - Established to account for various grant revenues and transfers from the General Fund to be used for capital expenditures as deemed necessary by City management.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**FUND ACCOUNTING (Continued)**

**NON-MAJOR GOVERNMENTAL FUNDS:**

**LIQUID FUELS FUND** (SPECIAL REVENUE) - Established and restricted under Act 655 of the Commonwealth of Pennsylvania. Funding is received from the Commonwealth and is restricted in use for the maintenance, repair and construction of roads, streets and bridges for which the City is responsible.

**DEBT SERVICE FUND** – Established in 2016 to receive transfers from the City's General Fund to pay the principal and interest due on the General Obligation Bonds, Series of 2016.

**Fiduciary Funds** – Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. Agency funds are custodial in nature and do not involve measuring income or any other results from operations. The City maintains one agency fund for fire insurance proceeds. The City has three pension trust funds (police pension, firemen pension, and non-uniform pension). The assets and net position of the City's non-uniform pension plan are held with the Pennsylvania Municipal Retirement System (PMRS) which is an agent multiple-employer retirement system, and therefore are not presented in the accompanying financial statements.

**BUDGETS**

In December of 2018, the City of Jeannette adopted its 2019 annual budget for its General Fund totaling \$5,628,886 in accordance with the provisions of the Commonwealth of Pennsylvania's Third-Class City Code. The budgets are prepared utilizing the modified cash method of accounting. Budgetary transfers among various expenditure line items are authorized in accordance with the aforementioned Third-Class City Code. The original and adjusted budgetary amounts, if any, are reflected in these financial statements (Exhibit E). Actual expenditures exceeded budget for calendar year 2019. All appropriations lapse at the end of each calendar year.

The City uses the following procedures in establishing this budgetary data:

- a. In accordance with the Third-Class City Code, each year at the last stated meeting in November, the chief fiscal officer shall, on behalf of Council, present to Council for introduction a proposed budget ordinance. The proposed budget ordinance shall show the estimated receipts, expenditures and liabilities for the ensuing year, with the balance of unexpended appropriations and all other information of value as a basis for fixing the levy and tax rate for the next calendar year. Council shall upon introducing the proposed budget ordinance, fix a date of adoption, which shall be not later than December 31 of that year.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**BUDGETS (Continued)**

- b. When the proposed budget ordinance is submitted to Council and has been introduced, the City Clerk shall immediately make the proposed budget ordinance available for public inspection at the City Clerk's office and shall publish a notice to that effect once in a newspaper of general circulation that states the date fixed by Council for enactment of the proposed budget ordinance. The notice shall be published at least 20 days prior to the time fixed by Council for enactment of the proposed budget ordinance. The proposed budget ordinance shall be available for public inspection at the City Clerk's office for at least 10 days after the newspaper notice is published.
  
- c. Council shall, after making the changes and modifications as appear proper, enact the budget and any appropriation measures required to put it into effect upon the date fixed for enactment. Any budget revisions whereby total expenditures would be increased by more than 10%, or more than 25% in any individual item over the proposed budget, the proposed budget shall not be enacted unless made available for public inspection for a period of at least 10 days after notice to that effect is published.

**CASH AND CASH EQUIVALENTS**

Cash and cash equivalents include amounts in demand deposit accounts and all highly liquid short-term investments with original maturity terms of less than three months.

**INVESTMENTS**

Provisions of the Third-Class City Code authorize the following investments:

- I. U.S. Treasury Bills.
- II. Short-term obligations of the United States Government or its agencies or instrumentalities.
- III. Deposits in savings accounts, time deposits or share accounts of institutions insured by the Federal Deposit Insurance Corporation (FDIC), Federal Savings and Loan Insurance Corporation and National Credit Union Share Insurance Fund.
- IV. Obligations of the United States of America, the Commonwealth of Pennsylvania or any political subdivision of the Commonwealth of Pennsylvania, or any of their agencies or instrumentalities backed by the full faith and credit of these governmental units.
- V. Shares of an investment company registered under the Investment Company Act of 1940; whose shares are registered under the Securities Act of 1933.
- VI. Any investment authorized by 20 Pa. C.S. Ch. 73 relating to fiduciaries investments.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2019**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**INVESTMENTS (Continued)**

Governmental fund type investments include funds pooled for investment purposes with the Pennsylvania Local Government Investment Trust (PLGIT). PLGIT funds are stated at amortized cost, which approximates market value. The City's portfolio is in compliance with these statutes at December 31, 2019. Fiduciary fund type investments include funds invested with PNC Institutional Asset Management, the City's designated asset managers for the police and firemen's pension plans.

**SHORT-TERM INTERFUND RECEIVABLES/PAYABLES**

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as 'due from/to other funds' on the governmental funds balance sheet. For the purposes of the government-wide statement of net position, governmental inter-fund receivables and payables have been eliminated.

**CAPITAL ASSETS**

Capital assets arising from cash transactions acquired for use in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund.

**LONG TERM DEBT**

Long term debt arising from cash transactions of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest are reported as expenditures.

**LONG-TERM DEBT FINANCING COSTS**

Bond and note issuance costs are recorded as expenditures in the year paid. During the 2019 calendar year, the City did not incur bond or note issuance costs.

**NET POSITION**

Net position is classified into three categories according to external donor or legal restrictions or availability of assets to satisfy City obligations. Net position is classified as follows:

- Net Investment in Capital Assets – This component of net position consists of capital assets net of accumulated depreciation, and reduced by the outstanding balances of debt that is attributable to the acquisition, construction and improvement of the capital assets, plus deferred outflows of resources less deferred inflows of resources related to those assets.

**CITY OF JEANNETTE**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2019**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**NET POSITION (Continued)**

- Restricted Net Position – This component of net position consists of restricted assets reduced by liabilities and deferred inflows related to those assets. Restricted net position includes the following:
  - Act 655 funding from the Commonwealth of Pennsylvania - \$397,094
  - Community Development Block Grant funds received from HUD - \$703,343
  - Bond Proceeds (Series of 2016) - \$37,568
  - Act 205 taxes restricted for pension - \$1,969,892
  - Debt Service Funds escrowed with BNY Mellon for debt service obligations - \$1,500
- Unrestricted – Consists of net position that does not meet the definition of ‘restricted’ or ‘net investment in capital assets’.

When an expenditure can be paid using either restricted or unrestricted resources (net position), the City’s policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

**FUND EQUITY**

In the Balance Sheet – Governmental Funds (Exhibit C), fund balances are reported in specific categories to make the nature and extent of the constraints placed on any entity’s fund balance more transparent in accordance with GASB No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.

The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Non-spendable fund balance – amounts that are not in spendable form (such as inventory) or are required to be maintained intact
- Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and high levels of government), through constitutional provisions, or by enabling legislation. See ‘Restricted Net Position’ above for composition of restricted fund balance.
- Committed fund balance – amount constrained to specific purposes by the City itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint
- Assigned fund balance – amounts the City intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. The City has assigned the balance of funds in the Capital Reserve Fund totaling \$3,266,683 for capital improvements deemed appropriate by City Council.
- Unassigned fund balance – amount that are available for any purpose

The City has not adopted a formal written GASB 54 policy.

As of December 31, 2019, \$6,517,599 of the City's bank balance total is exposed to custodial credit risk as this amount represents uninsured deposits collateralized with securities held by the pledging financial institution or by its trust department or agent, but not in the City's name. In accordance with Act number 72-1971 Session of the Commonwealth of Pennsylvania, the above deposits at each depository in excess of \$250,000, if any, are collateralized by securities pledged to a pooled public funds account with the Federal Reserve System.

**CITY OF JEANNETTE**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2019**

**NOTE 2 - CASH DEPOSITS AND INVESTMENTS (Continued)**

**INVESTMENTS (Continued)**

The purpose of the Pennsylvania Local Government Investment Trust (PLGIT) is to enable governmental units to pool their available funds for investments authorized under the Intergovernmental Cooperation Act of 1972. The funds operate in a manner consistent with the SEC's Rule 2(a)7 of the Investment Company Act of 1940. The funds use amortized cost to report net position to compute share prices. These funds maintain net asset values of \$1 per share. Accordingly, the fair value of the position in these funds is the same as the value of these shares. These funds are rated by a nationally recognized statistical rating organization. Copies of the PLGIT annual report can be obtained by contacting their website at [www.plgit.com](http://www.plgit.com).

**Custodial Credit Risk:**

For an investment, custodial credit risk is the risk that in the event of the counterparty, the City will not be able to recover the value of its investments or collateral security that are in the possession of an outside party. PLGIT has the characteristics of open-end mutual funds and is not exposed to custodial credit risk because its existence is not evidenced by securities that exist in physical or book entry form. This Trust purchases only money market instruments of the type in which Pa Local Governments are permitted to invest funds and comply with all regulations.

**Credit Risk:**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City has no formal investment policy, in addition to the requirements of the Third-Class City Code, which limits its investment choices based on credit ratings by nationally recognized rating organizations.

**Interest Rate Risk:**

The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Concentration of Credit Risk:**

The City places no limit on the amount it may invest in any one issuer.

**Fair Value Measurements:**

The City of Jeannette's fiduciary fund investments are reported at fair value within the fair value hierarchy established by generally accepted accounting principles. These principles provide a framework for measuring fair value which establishes a three-level fair value hierarchy that prioritizes the inputs to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable (level 3 measurements).

**CITY OF JEANNETTE**  
**NOTES TO FINANCIAL STATEMENTS**

**NOTE 2 - CASH DEPOSITS AND INVESTMENTS (Continued)**

**INVESTMENTS (Continued)**

**Fair Value Measurements (Continued)**

The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Observable inputs that reflect quoted prices for identical assets or liabilities in active markets such as stock quotes
- **Level 2** – Includes inputs other than level 1 inputs that are directly or indirectly observable in the marketplace such as yield curves or other market data
- **Level 3** – Unobservable inputs which reflect the reporting entity’s assessment of the assumptions that market participants would use in pricing the asset or liability including assumptions about risk such as bid/ask spreads and liquidity discounts.

The following schedule presents the Investments of the City by level within the fair value hierarchy:

|                         | <b>Value<br/>at 12/31/19</b> | <b>Fair Value Measurements</b> |                             |                    |

**NOTE 6 - CITY PENSION PLANS (Continued)**

**FUNDING REQUIREMENTS**

In addition to member contributions, if any, the pension plan may also receive an annual allocation from the General Municipal Pension System State Aid Program. The entire proceeds of the insurance premium tax on foreign casualty insurance companies and any investment income earned on those proceeds, and the portion of the proceeds of the insurance premium tax on foreign fire insurance companies which represents the amount of the distributions applicable to paid firefighters, and any investment income earned on the amount of those distributions are specifically designated for municipal pension plans. Any remaining obligation with respect to the pension plan shall be paid by the municipality.

Actuarial assumptions, funding status information, trend information regarding annual pension costs, percentage contributions, and any net pension obligations (NPO) is available from the City's actuary.

The pension plans' investment income was used to fund administrative costs. There are no long-term contracts for contributions as of December 31, 2019. In addition, there are no assets legally reserved for purposes other than the payment of plan member benefits.

**NOTE 7 - COMMITMENTS AND CONTINGENT LIABILITIES**

**LEGAL MATTERS**

The City of Jeannette, in the normal course of operations, is party to various legal matters normally associated with municipalities such as real estate tax assessment appeals, personnel wage and benefits, and other miscellaneous legal matters. The City is unaware of any pending claims or litigations that would be material to the financial position of the City of Jeannette.

**FEDERAL AND STATE FUNDING**

The City of Jeannette's state and federally funded programs, including its pension funds, are subject to program compliance audits by various governmental agencies. The audit scopes of these program compliance audits are different than the scope of financial audits performed by an outside, independent certified public accounting firm. The City is potentially liable for any expenditure disallowed by the results of these program compliance audits. The Commonwealth of Pennsylvania's Department of the Auditor General conducted a compliance audit of the City's pension plans for the calendar years 2016 and 2017 and issued a report dated May of 2019. The results of the audit indicated the City had failed to properly fund the City's pension plans in accordance with the special taxing provisions of Act 205. The report indicated funding deficiencies for calendar years 2016 and 2017 totaling \$496,354 related to all three pension plans. The City is not aware of any additional material items of noncompliance which would result in the disallowance of program expenditures.

**NOTE 10 – RISK MANAGEMENT**

The City of Jeannette is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims for these risks have not exceeded commercial insurance coverage for the past three years.

**NOTE 11 – SUBSEQUENT EVENTS**

In early 2020, a new strain of the coronavirus (COVID-19) spread through China as well as other countries including the United States. The impact of the virus varies from region to region and from day to day, and any significant additional spreading of the virus could adversely affect the City of Jeannette's business. The outbreak of the COVID-19 virus is likely to have a further negative impact in 2020 on the global and local economy and, in the future, might impact the City of Jeannette's financial results in 2020 and beyond. Given the dynamic nature of this outbreak, however, the extent to which the COVID-19 virus impacts the City of Jeannette's results will depend on future developments, which remain highly uncertain and cannot be predicted at this time.

Management has determined that there are no other events subsequent to December 31, 2019 through the November 7, 2020 date of the 'Independent Auditor's Report', which is the date the financial statements were available to be issued, that require disclosure in the financial statements.
